

Please do not weaken the laws which limit the number of television or radio stations a single entity may own. I believe it is critical that the citizens of the United States have the ability to obtain their news and information from a variety of sources which are not all under the same ownership. I am deeply concerned about the potential for a few conglomerates to control the news and information we receive. I depend on the FCC to protect this right to access news from multiple sources. Please continue to uphold restrictions which prevent the monopoly of our news sources.

Thank you for your consideration.
